

Cambridge Science Park CarShare Club

What is carsharing?

A new initiative for people who work on the Park and are willing to car share even just as a one-off event e.g. if your car is in for service.

“WHEN I GIVE SOMEONE A LIFT IT’S GOOD KNOWING THAT THERE’S ONE LESS CAR ON THE ROAD, WHICH MEANS LESS TRAFFIC FOR EVERYONE.”

CSP Bar Hill Group

Why do it?

To reduce congestion and to improve air quality. Every little effort helps. SHARE A RIDE. SHARE A CONVERSATION. SHARE THE COST.

How does it work?

Join a dedicated Cambridge Science Park WhatsApp Group exclusively for people who live in your town or village and work on the Park. Once in the Group, you can message people the night before offering or requesting a lift for the following day so you have maximum flexibility.

How to join?

Just email your full home postcode and your mobile number to Prajina.Baisyet@cambridgeshire.gov.uk who will group you with someone who lives in your area.
